Emitting Radio-pharmaceuticals

Examiner: D.L. Jones.

Group Art Unit: 1616

Response to Letter of March 11th 2004²

Assistant Commissioner for Patents
Arlington, VA 22202

Dear Sir

This paper is filed in response to the Office Action mailed March 11th 2004,
for which a response was due June 11th 2004. Accordingly this paper is
timely filed.

REMARKS:

I, the Applicant, admitted that mistakes were made in the last two replies to
Office Action from the Examiner because I did not understand the
procedures in patent prosecution (my first effort) and I assumed that by
addressing only claims 3-6 which had no prior art and trying to answer the
112 rejection issue, the rejections in the other claims need not to be
addressed. I am sorry for the confusion and time wasted because of my
mistake.
